PRODUCT DESCRIPTION

The IPS 40B 1 8 high capacity shredder cuts the heaviest material down to 1 8 strips. The large 40 pinch, heavy top conveyor knocks down large disposable cartons, boxes, milk jugs, etc., flattening and force feeding them into the machine. This conveyor system moves up and down to accommodate all thickness levels of material; it even breaks down corrugated material, PET and PVC beverage containers. The reel type , hardened steel cutters churn windmill style, cutting into paper without generating excessive dust, and requiring minimum power. Its safety features include an infeed guard, large hinged top cover to form over machine, switches to instantly shut down power motor when guards are removed, and control transformer automatically converts high voltage machine power to lower household current for maximum operator safety. The key lock system ensures that only authorized users access the machine.

PRODUCT FEATURES

PRODUCT SPECIFICATION

Voltage	230, 460 Volt, 3 Phase volts
Feed Opening	40 in.
Motor Strength	25 hp
Shred Size Width	.125 in.
Speed	110 ft./min.
Shred Capacity	1200 sheets
Shred Type	Strip Cut in.

DIMENSIONS

Weight:	3700.00 lbs.
Width:	62.00 inches
Length:	95.00 inches
Height:	46.00 inches
