PRODUCT DESCRIPTION

The MBM DestroyIt 2400 SC 316 is a fast, heavy duty strip cut shredder with clearly arranged symbols and pilot lights for easy operation. It cuts up to 14 sheets of paper at a time into 3 16 strips, leaving behind 260 pounds of shredded material per hour. The automatic start stop operation is powered by a photo cell sensor; it stops when the shred bag is full or if the paper jams and starts once paper is inserted. For added safety, the electronic door safety switch stops the cutting heads from shredding if the door is open. The 2400 SC 316s attractive pearl gray finish complements any office setting.
