### PRODUCT DESCRIPTION

The IPS 832 Superior X conveyor shredder is designed to meet the rigorous demands of day to day corporate security and paper recycling requirements. The conveyor allows for large quantities to be loaded into the shredder; great for central office facility applications. It cross cut shreds up to 40 sheets at a time into 1 8 x 2 3 8 pieces. This unit features a 3 horsepower motor and all metal construction with an integral steel support chassis. A sorting table work platform allows for one or two operators to easily feed material into the machine. The waste bin is mounted on casters and rolls for easy shred removal. With its fast 40 foot per minute shred speed, the IPS 832 Superior X is capable of making short work out of large shred jobs. Available accessories include disposable plastic shred bags, shredder oil, and automatic oiler.

### PRODUCT FEATURES

### PRODUCT SPECIFICATION
