PRODUCT DESCRIPTION

MBM 5009 CC Shredder Advanced All inOne Conveyor Delivery Shredder The MBM DestroyIt 5009CC Cross Cut, high capacity powerhouse shreds over 500 sheets at a time, entire ring binders and more. With an extra high capacity, dual section shred collection cart, it has the capacity to hold 3 and 1 2 tons of material per hour. It divides the shred material into two side by side large shred bags. Its control panel is located on the front of the machine for added convenience and safety. Features include push buttons with optical indicators for forward stop reverse, main switch, and emergency switch to shut off all operations in case of emergency, misfeeds, or jams. Its 2 speed motor handles smaller amounts and automatically shifts to a second speed when bulk feeding 500 or more sheets at a time. Additional shred collection carts are available at an extra cost, to catch larger volumes of shredded material.
