PRODUCT DESCRIPTION

The IPS 920 20 S shredder has two extra strength horsepower motors 3 HP and 10 HP to shred the heaviest, bulkiest loads. It is designed to meet any requirement for specialized shredding operation. Comes with standard 1 4 shred size call for 1 2 or 1 shred size . It is equipped with a sorting table work platform, enabling one or two operators to assist in feeding material into the shredder. The automatic 20 wide conveyor loads material in; additional operators are not needed but suggested for larger loads. It shreds large volumes of paper, 14 7 8 wide computer forms, or trashcans full of crumpled paper. The 920 shreds hundreds to thousands of pounds of documents per hour. Manufactured with all steel construction with an integral steel support chassis and features a rear discharge for waste containment. Plastic shred bags, shredder oil, and an automatic oiler are available at an extra charge.

PRODUCT FEATURES
