PRODUCT DESCRIPTION

The HSM 125 HS has the Department of Defense equivalent shred size for shredding top secret documents in a personal deskside model. It shreds up to 7 sheets at a time into the high security 1/32 x 7/16 pieces. The cutting mechanism features an electronic eye for automatic start stop operations and a reverse button used to clear the paper path. The console has a dust tight casing and is mounted on castors for easy mobility. The waste bin door is located in the front of the machine for easy shred bag removal. The 125 HS has bag full and door open indicators that keeps the operator informed of shredding operations. Steel cutting heads.
