PRODUCT DESCRIPTION

The HSM 225 HS is a high security shredder specially designed to meet the needs of officials for top secret shredding. Its particle cut shred size meets the Department of Defense specification for destroying confidential documents. The 225 HS offers an electronic eye for automatic start and stop operations and a reverse button to release overfed paper. The console has dust tight casing and is on castors for easy mobility. It has a moderate capacity 16 gallon waste bin to hold shredded material. The door to the waste bin is located in the front of the machine for easy shred removal. The 225 HS has bag full and door open indicators that keeps the user informed of shredding operations.
