PRODUCT DESCRIPTION

Dahle 20822ec Level 4 Cross Cut Departmental Paper Shredder Known for its power and waste capacity, this Dahle Department Shredder provides a practical solution for accommodating the shredding needs of even the busiest offices. This machine can continually shred large quantities of paper for extended periods of time and produce a very small particle size for greater document security. Its attractive design and large waste bin make this a nice addition to any large office, copy room or communications center. The Dahle 20822 EC has a 16 feed opening to easily accommodate letter, legal and wide computer paper. It has a maximum sheet capacity of 10 15 sheets at a time and features a large capacity waste bin capable of holding 35 gallons of shredded material. In order to provide slip free power to the cutting cylinders, a steel chain and gears connect the two components and provide maximum shredding capacity. Removing staples and paper clips are a thing of the past. Dahle shredders can easily accommodate these items without harming the machine and saving you time in the process.
