PRODUCT DESCRIPTION

Dahle 20314 Small Office Cross Cut Paper Shredder Proficiency best describes this Dahle Small Office Shredder with its ability to get the job done quickly and easily with minimal effort. Small offices or teams of employees will benefit from the ease of use and quiet operation of this small to mid size shredder. Designed to shred between 100 and 400 sheets of paper per day, it is perfect for destroying personnel records, client proposals and tax information. Dahle's 20314 is built with a 9.5 Inch feed opening to accommodate both letter and legal size paper with ease. This cross cut machine offers a 1 8 x 1 3 16 Inch particle size and is able to shred to security level 3 standards. All you need to do is decide what document to shred and this Dahle Small Office shredder will take care of the rest. This professional shredder is constructed using a wooden cabinet with swing open door. The door hides the addition of a removable Shred Box which makes changing bags easier. This box can be easily lined with Dahle's Disposable Shred Bags and emptied or recycled when full. If you are not sure when that will be done, don't worry. Your shredder will inform you with its visual warning indicators. Once your shredder is empty and the door is closed, it will resume normal operation. FEATURES Quality German engineering ensures precision, durability and silent operation. Designed to shred between 100 and 400 sheets per day. The 20314 offers quick and easy destruction of confidential materials. 9.5 Inch Feed opening for easy shredding of letter and legal sized paper. Automatic on/off allows users to just insert the paper and walk away. Users can save operating time and increase productivity. Auto shut off when waste bag is full prevents overfilling and messy cleanups. Solid steel cutting blades make the 20314 stronger and more durable than cutting knives stacked together. This means that the
